

“FALL EQUINOX & LIBRA NEW MOON CLASS”

This Thursday we welcome the Fall Equinox, as well as the Libra New Moon.

This date marks the beginning of the LAST QUARTER of 2022, as well as the HALF-WAY POINT of the astrological year (which began on the Spring Equinox).

At this time, the Fall Equinox is calling you to “change, release, let go and grow,” while the Libra New Moon is seeking to “balance” the areas of your life that are in need of harmony.

Additionally, six of the planets have recently slowed their orbital speed (retrograde) to highlight where you have been and where you now are.

It is a powerful week to reflect, accept, create and release the “next piece of you” to be birthed.

Join us on this extraordinary evening, as we discuss the current celestial alignments, as well as where and how you are being called to liberate yourself even further. An Equinox/New Moon exercise will be included.
